## OUR EXCLUSIVE INNOVATIONS

Catalyst fences are built with numerous exclusive and patented technologies that enable our fences to significantly outperform competitors, for beauty and performance that stands up to the elements.

### **SOLARGUARD®** FADE RESISTANCE

Superior, high-level protection keeps colors from fading and fencing looking its best year after year, even in the harshest climates.

### **STAYSTRAIGHT®** STRUCTURAL INTEGRITY

Unique material composition within our vinyl fences and gates provide structural durability in all weather conditions, helping to decrease bending or sagging over time.

### **NOVIS™** HIDDEN FASTENER SYSTEM

Locks fence panels together quickly and cleanly on level and sloping terrains to provide a clean design without power tools or glaring hardware.

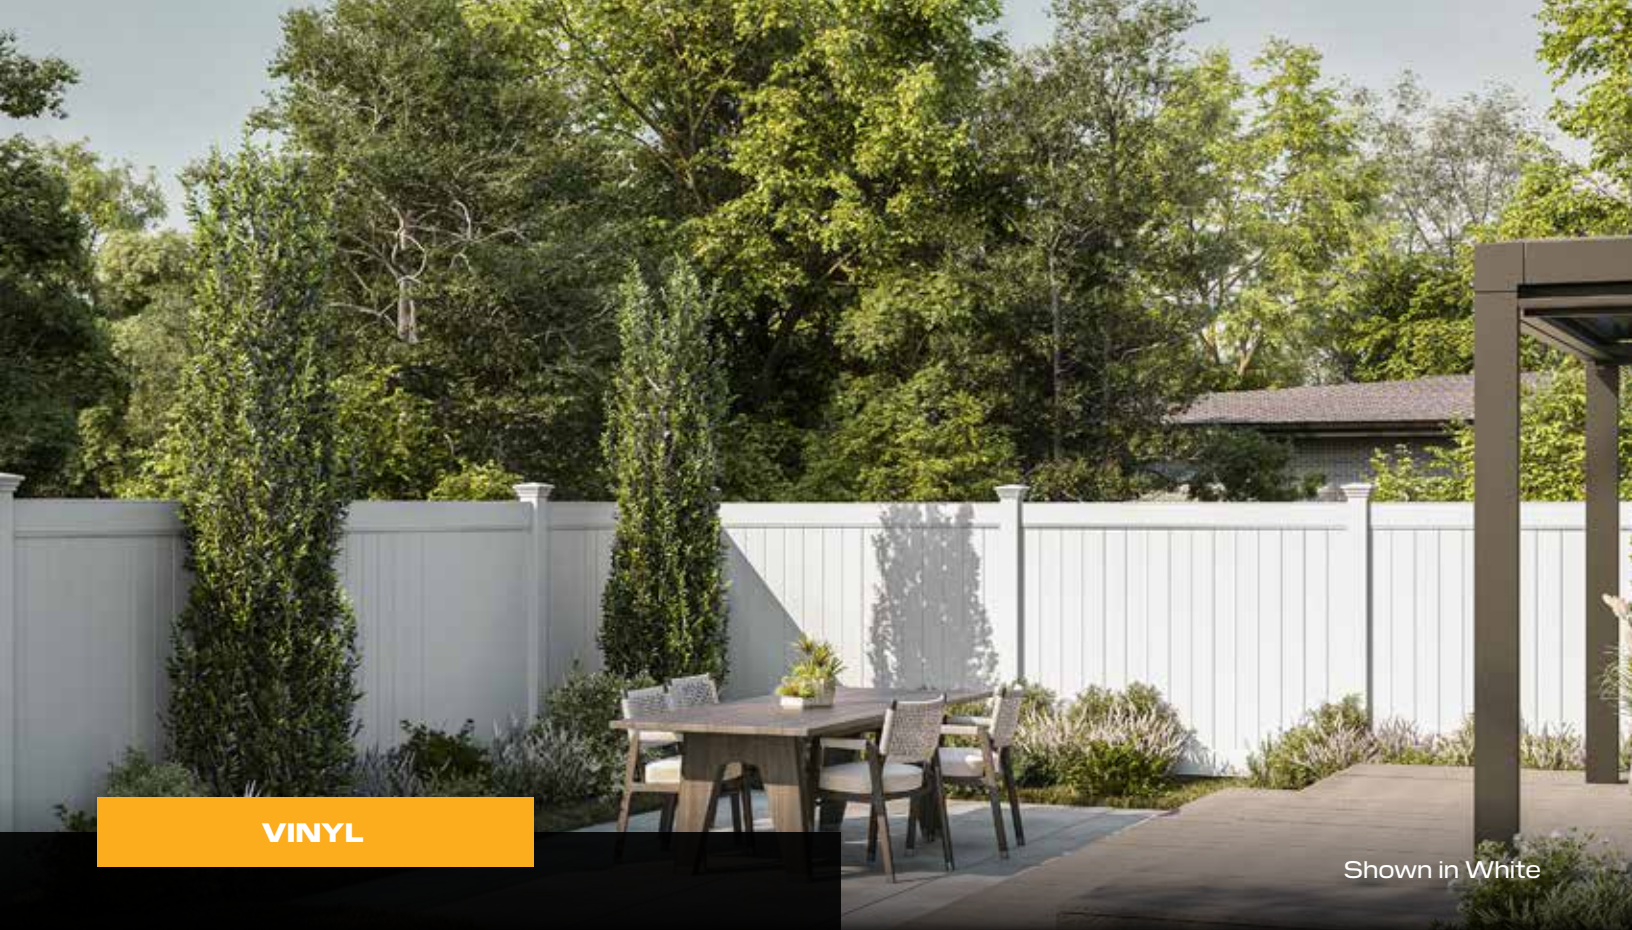

### **TIMBERGRAIN™** WOODGRAIN TEXTURE

The look of wood you love in long-lasting, low-maintenance vinyl. No splinters, rot, cracks, staining or peeling. Period.

### **SIMTEK®** MOLDED PANEL TECHNOLOGY

The look and feel of real stone and wood in steel-reinforced polyethylene. Commercial quality barrier reduces noise and buffers high winds. Its easy-clean surface releases graffiti with a high-pressure washer.

VINYL

Shown in White

SOLID VERTICAL PRIVACY

# NEWBURY

This gap-free profile stands the test of time, brisk winds and salt marsh air. Keep it timeless with smooth white, sand, clay or gray finishes. Or step it up a notch with textured, virtually maintenance-free woodgrains.
